

**DOE FAMILY vs. LAUTREC, LTD.
AND DEERFIELD LAKE MOBILE
HOME COMMUNITY**

A 12 ton garbage truck owned by the defendant collided with the Doe family car after the truck's brakes failed. The two month old twin children both suffered closed head injuries. Their 31 year old mother sustained injuries to her head and ankle. The defense argued that the mother was negligent in operating her car and that she failed to properly use the car seats for her children. The defense also maintained that the mother and one of the children did not suffer any head injuries. Chris Searcy and Lance Block negotiated a \$6.9 million settlement for the family two days before trial was to begin in Broward County. ■
